- 2/4/20, 6 p.m. Grant R. Brimhall Library - Marvin E. Smith Room
1401 E Janss Rd., Thousand Oaks, CA 91362

The CPUC regulates privately owned electric, natural gas, telecommunications, water, railroad, rail transit, and passenger transportation companies.

California American Water (Cal-Am) is seeking a General Rate Case decision by the California Public Utilities Commission (CPUC) that would authorize consolidation of Los Angeles County, Ventura County, and San Diego County districts into a single Southern Division tariff area for ratemaking purposes.

Furthermore Cal-Am is asking to increase customer rates in this consolidated tariff area by 15.88% in 2021, 2.08% in 2022, and 3.42% in 2023.

These public forums will allow customers of Cal-Am to communicate directly with the CPUC regarding Cal-Am's request.
